THOMAS MARKL GMBH
FEINMECHANISCHE WERKSTÄTTE

Feinmechanische Werkstätte
Thomas Markl GmbH • Raiffeisenallee 12 • 82041 Deisenhofen

At a glance

Precision - Expertise - Dedication

Thomas Markl Precision Machining GmbH is situated in the town of Deisenhofen, right outside Munich, Germany. Since 1987 the company has taken great pride in combining state-of-the-art technology with the time-honored values of a family business.

As a **full-service provider**, we offer precision machining solutions, component assembly and specialpurpose machines for a wide range of applications. We also handle project management and logistics in-house.

Key customers from the **automotive, measuring equipment, electronics, medical, semiconductor, optics and aerospace industries** trust our prompt delivery of individual, customized solutions. We provide our customers with an outstanding degree of:

Precision

Our core competence lies with **precision parts**, as well as **special purpose machinery** and **component assembly/subassemblies** according to client specifications. In our 2.400-square-meter workshop, 26 employees work tirelessly to produce precision solutions on every scale – from individual prototypes to small series production runs, all the way to completely assembled custom machinery. **Thomas Markl GmbH** is **ISO 9001** certified with Deutsche Managementsystem Zertifizierungsgesellschaft mbH. Our integrated quality control approach applies to all operations. Quality monitoring and process optimizations are anintegrated part of our daily operations – not just a matter of routine inspections.

Expertise

State-of-the-art machinery is crucial to our success. But our team of **highly-skilled and motivated employees**, is crucial to our consistent delivery of high-quality results. All of our processes are handled exclusively by professionally trained staff. We emphasize craftsmanship, allowing us to deliver seamless quality from the initial design, all the way to the production stages.

Dedication

Thomas Markl Precision Machining GmbH is committed to providing vocational training and employment positions in the Oberhaching/Deisenhofen region. We also incorporate sustainable production methods and recycling of raw materials into daily operations. **Thomas Markl GmbH** recycles about 99% of excess production material.

THOMAS MARKL GMBH
FEINMECHANISCHE WERKSTÄTTE

Feinmechanische Werkstätte
Thomas Markl GmbH • Raiffeisenallee 12 • 82041 Deisenhofen

Machining capabilities

CNC-milling:

3-axis-machining: up to 1080mm x 710mm x 710m

5-axis-machining: up to 800mm x 600mm x 500mm

Our entire range of milling centers is equipped with automatic tool changers and 3D-scanning systems.

CNC-turning:

4-axis-turning: up to Ø360 x 1200mm

Support of all current computer-assisted design (CAD)- and computer-assisted manufacturing (CAM) - file formats.

Quality control via CNC-based 3D-measuring systems.
